3. During the period April 1 to June 30, 1954, approximately 500 acres of the Arsenal were sprayed by the Army with Isopropyl Ether of 2,4-D to control Russian Thistle and other noxious weeds. Quantities and locations are unknown. Exact locations and quantities are unknown.

2. During the period July 1 to September 30, 1953, 1750 acres of the Arsenal were sprayed by the Army with Isopropyl Ether of 2,4-D to control Russian Thistle. Exact locations and quantities are unknown. There were no failures due to adverse weather conditions.

1. During the period July 1 to September 30, 1952, 1750 acres of the Arsenal were sprayed by the Army with Isopropyl Ether of 2,4-D to control Russian Thistle. Exact locations and quantities are unknown. There were no failures due to adverse weather conditions.

4. In the spring of 1952-1953, 2,4-D was sprayed in a variety of locations around Big Springs, except locations and quantities are unknown.

5. As of 1975, Borate-Bromacil Mixture and 2,4-D was used to control weeds.

6. In July 1980, 500 gallons of 0.1% Borate 2,4-D to treat five acres of open land.

7. In August 1980, 250 gallons of 0.1% Borate 2,4-D to treat 34 acres of open land.

8. In October 1980, 600 gallons of 0.1% Borate 2,4-D to treat 34 acres of open land.

9. In May 1981, 42 gallons of 0.1% Borate 2,4-D to treat one acre of open land.

10. In June 1981, 350 gallons of 0.1% Borate 2,4-D to treat seven acres of open land.

11. In July 1981, 72 gallons of 0.1% Borate 2,4-D to treat three acres of open land.

12. In October 1981, 64 gallons of 0.1% Borate 2,4-D to treat three acres of open land.

13. In May 1983, 1.675 gallons of 0.1% Borate 2,4-D to treat 30 acres of open land.

14. In June 1983, 2.550 gallons of 0.1% Borate 2,4-D to treat 24 acres of open land.

15. In July 1983, 2.050 gallons of 0.1% Borate 2,4-D to treat 20 acres of open land.

unknown.

#111. The North Plains area, and along Seventh Ave. Exact locations and quantities are unknown.

unknown.
a. Pesticide: De-ester, DD-24-D, 2.4-D and 2.4,5-T; Amount: 165 gallons (55-gal drum).

b. Pesticide: Herbicid 1,4-D, 50%; Amount: 165 gallons (55-gal drum); Location: Building 643.
c. Pesticide: DD-24-D, 2.4-D and 2.4,5-T; Amount: 165 gallons (55-gal drum); Location: Building 643.
d. Pesticide: Herbicid 1,4-D, 50%; Amount: 165 gallons; Location: Building 618.

e. Pesticide: DD-24-D, 2.4-D and 2.4,5-T; Amount: 165 gallons; Location: Shed.

f. Ender 50%; Amount: 55 gallons; Location: Outside Storage Shed.

g. Pesticide: DD-24-D, 2.4-D and 2.4,5-T; Amount: 22 gallons; Quantity: 222 gallons; Pesticide: 2,4-D; Quantity: 25 gallons; 2.4,5-T; Quantity: 209 gallons.

23. In Building 544 as of 6 October 1976: Pesticide: 2,4-D; Quantity: 272 gallons; Pesticide: 2,4-D; Quantity: 214 gallons; 2.4,5-T; Quantity: 25 gallons.

24. The following pesticides were stored at the arsenal as of 2-2-29 February 1979:

- Pesticide: 2,4-D; Quantity: 722 gallons.
- Pesticide: 1,4-D, DD-24-D, 2.4-D, and 2.4,5-T; Quantity: 209 gallons.

25. The following excess pesticides were found at the arsenal as of 2-2-29 February 1984:

- Pesticide: Herbicid 1,4-D, 50%; Amount: 165 gallons; Location: Building 618.
- Pesticide: DD-24-D, 2.4-D and 2.4,5-T; Amount: 165 gallons; Location: Building 643.
- Pesticide: De-ester, DD-24-D, 2.4-D and 2.4,5-T; Amount: 165 gallons; Location: Building 643.
- Pesticide: 2,4-D; Quantity: 722 gallons; Pesticide: 2,4-D; Quantity: 25 gallons; 2.4,5-T; Quantity: 209 gallons.

22. In July 1985, 900 gallons of 2,4-D were used to treat 66 acres of open land.

21. In June 1985, 3,600 gallons of 2,4-D were used to treat 72 acres of open land.

20. In May 1985, 2,200 gallons of 0.1% 2,4-D were used to treat 129 acres of open land.

19. In April 1985, 2,300 gallons of 0.1% Borate 2,4-D were used to treat 182 acres of open land.

18. In August 1984, 600 gallons of 2,4-D were used to treat 24 acres of open land.

17. In May 1984, 4,000 gallons of 0.1% Borate 2,4-D were used to treat 14 acres of open land.

16. In August 1983, 2,000 gallons of 0.1% Borate 2,4-D were used to treat 18 acres of open land.
